

2020 International Joint Conference on Theoretical Computer Science

AUG17-22

Dear Colleagues,

We are pleased to announce that the International Joint Conference on Theoretical Computer Science (IJTCS 2020) will be held online, on 17th-22th August 2020. Please visit <https://econcs.pku.edu.cn/ijtcs2020/IJTCS2020.html> for information about the conference, including the list of [invited speakers](#).

This meeting is jointly organized by Peking University, China Computer Federation, Association for Computing Machinery China Council, China Society for Industrial and Applied Mathematics and Center on Frontiers of Computing Studies, Peking University, with forms of invited talks, thematic symposia, embedded meetings, forums etc. This meeting welcomes author submission of papers concerning any branches of theoretical computer science, together with focus tracks in Algorithmic Game Theory, Blockchain, Multi-agent Reinforcement Learning, Quantum Computation, Theory of Machine Learning and Machine Learning and Formal Method. We will also host a Female Scientist Forum, a Young PhD Forum and an Undergraduate Research Forum.

We cordially invite you to [sign up](#) for our Newsletter, which will keep you fully updated on [IJTCS 2020](#). We warmly welcome our members and colleagues in industrial and applied mathematics and related fields regardless of nationality to participate in this meeting. Looking forward to meeting you in August!
